

National Service in Minnesota

MEETING COMMUNITY NEEDS IN MINNESOTA

More than 17,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Minnesota. Serving at more than 3,200 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$43,760,000 to support Minnesota communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$22,560,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 3,100 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Minnesota. Most AmeriCorps grant funding goes to the ServeMinnesota, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 23,000 Minnesota residents have served more than 35 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$83,870,000.

Senior Corps: More than 14,000 seniors in Minnesota contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 6,000 young people who have special needs. Senior Companions help more than 2,500 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 1,600 groups across Minnesota.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Minnesota, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$2,950,000 in expanding the impact of 12 nonprofits in Minnesota, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$66,329,820

- Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.
- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
 - This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Minnesota. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
 - AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
 - The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
 - As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 23,000 Minnesota residents have served more than 35 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$83,870,000.

AmeriCorps

The Minnesota Reading Corps is a statewide literacy program designed to help children become proficient readers. More than 1,000 highly-trained AmeriCorps tutors provide research-based interventions to 30,000 students in 700 sites. In 2012, 80 percent of Reading Corps participants passed their state reading tests, matching the average for all Minnesota students. Given that Reading Corps students were all on track for reading failure, this pass rate demonstrates remarkable progress. Also, Reading Corps has been proven to keep educationally at-risk children on track in general education. Students who did not receive Reading Corps tutoring were three times more likely to be referred to special education than Reading Corps participants. Extrapolating these results for the entire state of Minnesota would result in a savings of \$9 million in special education services.

AmeriCorps NCCC

The Minneapolis Veterans Home was originally established in 1887 for indigent veterans of the Civil War. The Home provides skilled nursing and domiciliary care to 341 veterans. AmeriCorps NCCC members painted and completed minor repairs such as wall patching in 62 rooms in one of the Minneapolis Veterans Home's residential facilities. They also painted dayrooms and hallways. Members improved their painting skills and helped improve living conditions and the aesthetic appeal of the resident veterans' homes.

AmeriCorps VISTA

During the 2012 fiscal year, 340 full-year and summer associate AmeriCorps VISTA members served at approximately 170 sites across the state of Minnesota. They coordinated 41,233 volunteers, supported 307,878 hours of service, and helped raise \$4,737,203 in cash or grants and \$708,375 in in-kind donations. In the education sector, members supported educational services and tutoring or mentoring to 2,297 adults and 7,743 youth. Members also helped 8,481 low-income individuals receive job training; 1,772 of those individuals acquired new jobs. As part of the healthy futures initiative, AmeriCorps VISTA members helped 21,980 individuals gain increased access to healthcare services and helped 4,406 individuals increase their preventative health measures.

Senior Corps

In 2012, 16,034 Minnesota Senior Corps volunteers provided more than 2.5 million hours of service. In 2012, approximately 418 Senior Companions provided 276,839 hours of service, which allowed elderly and frail Minnesotans to continue living independently in their homes. Approximately 912 Foster Grandparent volunteers—serving as mentors, tutors and caregivers—contributed 641,174 hours in support of children and youth throughout the state. And approximately 14,704 RSVP volunteers served their communities in a variety of capacities, including tutoring, mentoring, making home repairs, helping elderly seniors access health care, supporting community events, preparing for and responding to disasters, and leading low-income seniors and youth increase to food security.

Social Innovation Fund

The Local Initiatives Support Corporation (LISC), an intermediary grantee of the Social Innovation Fund, is growing Financial Opportunity Centers—a workforce development and asset-building model that boosts earnings, reduces expenses and coaches low-income families on how to make better financial decisions—to reach 7,500 total participants. In Minnesota, LISC has six nonprofit subgrantees receiving total annual grants of \$887,750 which they match dollar-for-dollar. A rigorous evaluation will provide greater evidence about the model's impact on employment, earnings, and savings.
